

JANOME

1100D Professional Serger

Automatic Tension at Your Command

The 1100D Professional Serger from Janome combines automatic tension, easy threading system, Flip Needle System and adjustable stitches to give you simply the best serging has to offer.

Sew Advanced, Sew Quick

The full-featured, mechanical 1100D Professional serger from Janome gives you a professional edge and is the perfect machine to complete your arsenal of sewing tools. It's so easy to use! The 1100D Professional has **AUTOMATIC TENSION!** This amazing feature sets the tension automatically when any of the 10 preset stitches are selected.

Features such as the Blanket Stitch, Stitch Information Display, and easy conversion to rolled hem make the 1100D Professional the most advanced and easy-to-use 4-thread serger from Janome.

Flip Needle System

The needle clamp can be tilted up to ensure easy needle placement. Very easy to reach set screw and insert needles. Also eases needle threading.

Adjustable Cutting Width

Just turn the dial to easily adjust the desired cutting width: from 3.5 to 7.5 mm

Foot Pressure Adjustment Dial

EZ Upper Knife Release

Upper knife can be quickly and easily retracted with the push in and turn of a knob.

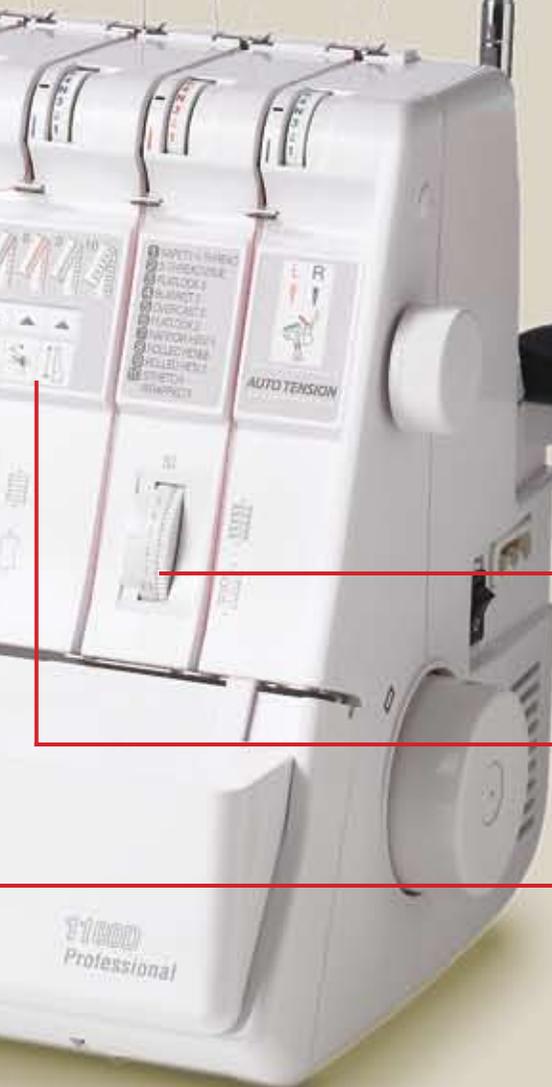

EZ View Threading Guide

Sew Easy

Tension Release Lever

Stitch Length Adjustment

Change the stitch length any time (even while sewing) to get stitches between 0.5 to 5.0 mm.

Stitch Information Display

Automatically displays required settings for each stitch.

Differential Feed

The unique differential feed device prevents fabrics from puckering, lets you adjust the stretchiness of your stitching as you sew, and lets you add ready-to-wear effects such as lettuce edges to your sewing. Adjustable from 0.5 to 2.0

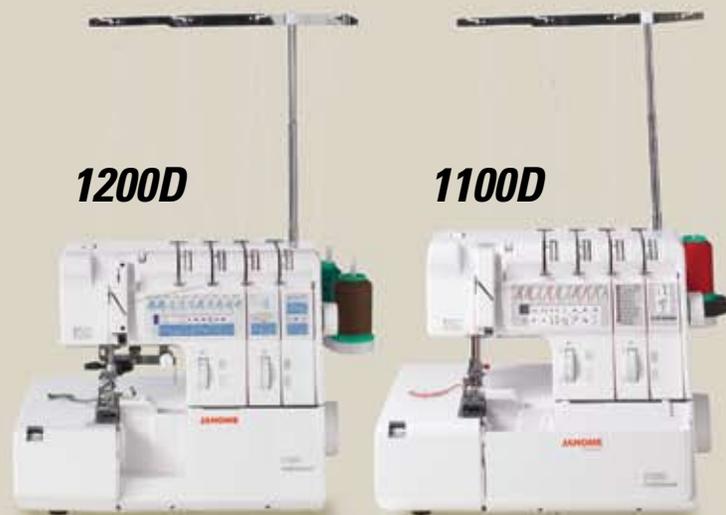

1100D

Professional Serger

Features
