

# FEATURES

and

# BENEFITS

## Easy Set Up

No large, bulky attachments; no need to mount hardware to walls or ceilings. The compact projector is easy to attach to the lightweight beam. Your Ditto unit weighs less than [0.0] lbs. and includes Easy Setup instructions, tutorials, and videos.

## Inclusive Pattern Projection System

Everything you need to get started is included in the portable storage box. No unnecessary piece-by-piece purchases. Enjoy the seamless Ditto ecosystem with A0 file compatibility.

Let's  
shed  
some  
light on  
the  
situation

## Quick and Easy Calibration

Get accurate pattern sizes every time you project. Built-in calibration is as easy as taking a picture.

## Efficient and Accurate

It's kind of like magic. Using Ditto compresses hours into minutes. No more pinning, paper, chalking-and let's not forget about the worrying part; it's precise, Very precise! Once you've calibrated your Ditto, you can move forth with cutting confidence. Ditto removes errors and risks so you can start sewing with knowing.

## Extensive Digital Sewing Pattern Library

Find 600+ Ditto-branded sewing patterns, with new designs added to every update, as well as many third-party patterns. There are so many choices that it's actually quite easy to get inspired. Choose a subscription-based membership, or simply purchase individual patterns.

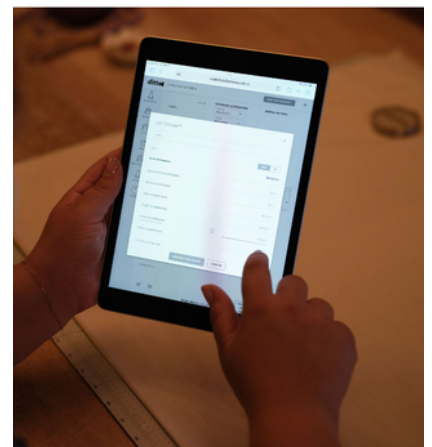

## One Size does not fit all - Pattern Customization capability

Quickly and efficiently customize any Ditto pattern to your exact measurements. You can also try your hand at design with garment modifications. Add pockets, change the sleeve or neckline style, choose a different length, and more. This tool is available even without a projector; simply download and print a PDF pattern.

## Measurement Quick Help

Know immediately how and where to take each measurement. Clear instructions allow for an efficient process.

## Wi-Fi & Bluetooth Connectivity

Get connected and stay connected! Ditto is compatible with iOS and Android devices. You can access project measurements from anywhere, and always know exactly what tools you need.

## Mobile App with How To videos & tutorials

Get ready to Ditto with the mobile app. Find step-by-step tutorial videos to help you assemble your projector and connect to the workspace.

## Sustainability

Ditto is the first in the industry to provide a paper-free experience. Make pattern changes (and mistakes) without stress.

Follow your fashion design dreams. Ditto provides the tools and inspiration to accomplish what was only once imagined.

## INCLUDED ACCESSORIES

Projector, beam, bubble level, power cord & adapter, cord cover, fabric weights (4), target stickers, Ditto-exclusive cutting mat and rotary cutter.
