Bring a Personal Touch to Every Embroidery Project

181 Built-in Embroidery Designs

With 181 built-in embroidery designs, you'll always find inspiration in the Flourish II.

Color LCD Touch Screen - 4.85" x 2.5"

Everything you need is just a touch away. Access your designs, settings and more.

Cuts Jump Stitches

Easily and automatically cut threads in the middle of an individual color segment instead of after each color. Thread no longer travels across the hoop or your design, making your embroidery cleaner than ever.

On-Screen Embroidery Editing

Make changes to your embroidery directly on screen. Resize, rotate and move the design as needed. Changes happen before your eyes.

13 Built-In Embroidery Fonts

Personalize your projects with lettering. Choose from 13 built-in fonts and edit them like other designs. You can even choose individual letters to make changes and create something unique.

Quick-Set, Top-Loading Bobbin

Avoid the struggle of changing your bobbin with the quick-set feature. Simply drop your bobbin in the machine, pull your thread through the slot, and let your machine do the rest of the work.

Large Embroidery Field

Stitch bigger embroidery designs and enjoy less re-hooping with a large embroidery field — 6-1/4" x 10-1/4".

Advanced Needle Threader

Threading a needle has never been easier than with this innovative threader. With just a few simple motions, your needle is threaded and ready to use - it's so easy, you can do it with one hand!

Push Button Features

Push-button features make it easy to choose your settings on the Flourish II. You can position the needle up or down, cut thread, raise and lower the presser foot, and start and stop sewing.

Two-Way USB Connectivity

Easily save and access designs from your USB flash drive, download machine updates and more.

Features and Specifications

Technology Features

- Color LCD Touchscreen (4.85" X 2.5")
- Advanced Needle Threading System
- Automatic thread cutter
- Quick-Set, top loading bobbin
- Automatic Thread Tension Control
- Quick-Set bobbin winder
