FOR THE LOVE OF SEWING

Presenting the Journey

Begin an inspirational voyage with the Baby Lock Journey. Explore unknown territory with 262 designs including 165 Baby Lock Exclusives. Then, create new sights with numerous decorative stitches. You'll enjoy a hassle-free experience with features powered by Baby Lock IQ Technology. So start a new creative adventure with the Baby Lock Journey.

For The Love of Sewing

IQ Baby Lock IQ Technology is what makes Baby Lock machines so smart and efficient. IQ Technology works with the "brain" of your machine to help achieve exactly what you desire.

Key Embroidery and Sewing Features

Push-Buttons Features

Convenient push-button features give you more freedom to focus on your project. Raise and lower the needle or presser foot, cut threads, reinforce stitches and thread your needle with the push of a button.

Optional Needle Beam for Embroidery

The Needle Beam highlights the exact needle position on your fabric. You'll always know exactly where your embroidery will start.

Key Embroidery and Sewing Features

Color LCD Touch Screen

Clearly see the details of your designs, quickly set the correct stitch, and change your machine settings on the large, color LCD. This screen measures 7" diagonally and displays up to 260,000 colors so you will know what your designs and stitches really look like before you sew.

Quick-Set, Drop-In Bobbin

The top-loading bobbin case lets you focus on your sewing. It's jam-proof. The quick-set bobbin puts the thread right where you need it.

Ergonomic, Hands-Free Presser Foot Lift

Raise the presser foot by simply moving the attachable lever with your knee. This leaves both of your hands free for extra control on detailed stitches.

Optional Digital Dual-Feed System

Fabric always feeds evenly when you use the Digital Dual-Feed System. Whether stitching on difficult fabric or thick layers, the Digital Dual-Feed System will keep your fabric feeding consistently.

Enhanced Stadium Lighting

Illuminate your fabric with 10 inches around the needle. You'll see every detail of your project. Plus, you won't have to worry about changing bulbs with these long-lasting bright lights.

NeverMiss™ Automatic Needle Threader

The NeverMiss Automatic Needle Threader does exactly what it promises. It's never been this fast or easy — the Journey threads your needle with little more than the push of a button.

Larger Throat Space

Comfortably quilt with the Journey's large throat space. 11.25" to the right of the needle leaves room for thick projects and bulky quilts.

Optional Gold Standard Comprehensive Care Program

The Baby Lock Gold Standard Comprehensive Care Program will give you peace of mind while using the Journey. You'll enjoy three years of maintenance and support covering all parts and labor including replacement bulbs, needle plates and more.
