Flare
Embroidery Machine

Advanced Needle Threader
Threading a needle has never been easier than with this innovative threader. With just a few simple motions, your needle is threaded and ready to use - it's so easy, you can do it with one hand!

6 1/4" x 10 1/4" Embroidery Field
Stitch bigger embroidery designs and enjoy less re-hooping with a large embroidery field - 6 ¼" x 10 ¼".

293 Built-in Embroidery Designs
With 293 built-in embroidery designs, you'll always find inspiration in the Flare.

Cuts Jump Stitches
Easily and automatically cut threads in the middle of an individual color segment instead of after each color. Thread no longer travels across the hoop or your design, making your embroidery cleaner than ever.

Wi-Fi Enabled
By using Design Database Transfer, you can easily send your designs from your computer to the machine. Also, when WLan connection is enabled, you will receive notification when new updates are available for your machine.

Color Sort
When embroidering the same design more than one time in the same hoop, activating Color Sort will rearrange the embroidery order to minimize stopping for thread changes.

Convenience Features
- Automatic Thread Tension Control
- Automatic sensors
  - Thread tension control makes adjustments to feed thread properly
  - Upper and lower thread sensors alert when threads are borken
  - On-screen hoop sensor recommends size of hoop
- Font editing
  - Size and select letters individually
  - Multi-line text
