#PURIFY

BEAUTIFY AND
PURIFY YOUR LIFE

With hygienic Laurastar Dry Microfine Steam (DMS) that leaves fabrics perfectly dry, the simple act of ironing naturally eliminates 99.999% of bacteria, fungus and dust mites. It's an ideal and eco-responsible way to keep your children and babies' laundry perfectly pure and clean. Swiss maternity units have been using and recommending Laurastar hygienic steam for over 35 years: what better proof?

DRY MICROFINE STEAM

DRY MICROFINE STEAM,
A LAURASTAR EXCLUSIVE

One superheated drop of water is transformed into Dry Microfine Steam, expanding in volume by a factor of 1,600. In addition, the steam is diffused 15 times faster than the steam of a standard iron. That's the beautiful secret of Laurastar steam's heightened effectiveness. The expansion and power of the steam as it leaves the iron allows it to penetrate textiles uniformly and effectively, leaving them uniquely plumped. What's more, Laurastar Dry Microfine Steam does not leave fabric damp, and fixes fibres in place so that your clothes are perfectly ironed and thoroughly cleaned.

HOW BEAUTY CAN ENHANCE YOUR LIFE

Design is essential for Laurastar. And special attention is paid to the finest detail to ensure optimum ergonomics. The Laurastar Lift steam station is compact, light and has a handle for easy manoeuvring, so you can use it however you like. Its incredibly trendy design was awarded the international Red Dot Design Award.
