Quilter's Vision & Companion Chest

QUILTER'S VISION & COMPANION CHEST

The Quilter's Vision is designed especially for large projects that require the extra surface area to support the fabric. The Quilter's Vision's surface can more than double in size by extending the front, back and right leaf extensions. Each extension works independently and can be positioned as needed. The included Companion Chest can be repositioned for multiple uses and provides large capacity drawers for storage.

The Quilter's Vision features Tailormade's largest 3-position machine lift platform. The lift opening measures 24-1/4" wide by 12-5/8" deep. *(Consult your retailer for your machine lift opening and acrylic insert requirements.)*

Cabinet Dimensions

Closed:

- 56" W x 20-1/2" D x 29-1/4" H

Fully Opened:

- 71" W (With right extension positioned)
- 55" D (With front & back leaf extensions positioned)
- 29-1/2" H

Available in Teak and White and finished with an embossed mar-resistant surface. The Cabinet and Chest are packaged fully assembled. Simply add the casters and drawer handles.

Design Features

The large expandable work surface can more than double in size:

1. The back leaf extension can be raised or lowered and is supported by two gate legs. (Extension measures 55" W x 19-1/2" D)
2. The front leaf extension is secured and supported by the large capacity front drawer and Companion Chest. (Extension measures 27-3/4" W x 15-3/4" D)
3. The right leaf extension when positioned is supported by an attached sidewall support. (Extension measures 15-3/4" W x 19-1/2" D)
4. All extensions have rounded, finished edges to prevent fabric from snagging.
5. Easy-roll lockable casters are attached to a reinforced base frame.
6. The Companion Chest is free standing and can be positioned for best use. It features large capacity drawers and measures 26" W x 18" D x 24" H.
7. Large capacity full-extension front drawer
8. All drawers feature full-extension steel drawer glides.
9. A custom sized acrylic insert for flatbed sewing is available for most machines.
10. The machine platform is supported by a heavy-duty, 3-position, touch release airlift that allows for ergonomic center needle position sewing.

ECLIPSE

Designed to provide maximum storage and function in minimal space. The Eclipse features multiple fabric, thread and notions storage boxes and bins. The work surface can expand as needed, and there is plenty of storage space for a second machine or serger. When closed, the cabinet footprint is only 43-1/2" W x 19-3/4" D.

The Eclipse features Tailormade's largest 3-position machine lift platform. The lift opening measures 24-1/4" wide by 12-5/8" deep. *(Consult your retailer for your machine lift opening and acrylic insert requirements.)*

Cabinet Dimensions

Closed:

- 43-1/2" W x 20" D x 30" H

Fully Opened:

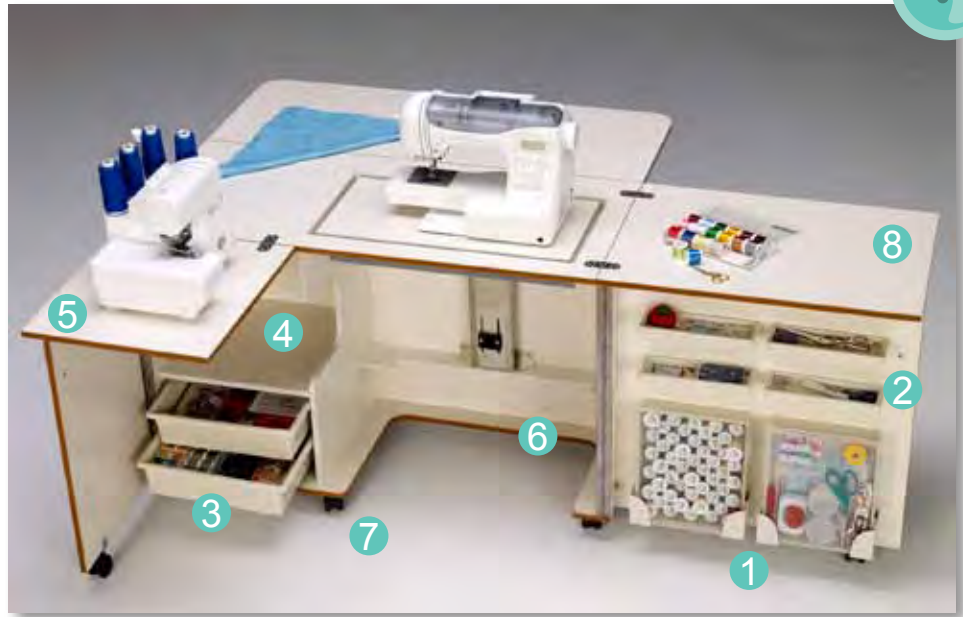

- 70-1/4" W (With Right Extension positioned)
- 53-3/4" D (With Front & Back Leaf Extensions positioned)
- 29-1/2" H

Available in Teak and White and finished with an embossed mar-resistant surface. The Cabinet is packaged fully assembled. Simply add casters, drawer handles, storage boxes and bins.

Design Features

1. Thread and notion storage boxes
2. Removable accessory and notion trays
3. Removable fabric bins
4. Optional serger storage compartment
5. Front leaf extension and optional serger platform (Extension measures 16-1/2" W x 18-7/8" D)
6. Machine platform is supported by a heavy-duty, 3-position, touch release airlift.
7. Easy-roll, lockable casters are attached to a reinforced base frame.
8. Right leaf extension (Extension measures 26-3/4" W x 19" D)
9. Back leaf extension with finished, rounded corners to prevent fabric snagging (Extension measures 43-1/4" W x 15-3/4" D)
10. The back leaf extension can be raised or lowered and is supported by two gate legs.
11. Flush-mount hinges to prevent fabric snagging
12. A custom sized acrylic insert for flatbed sewing is available for most machines.
13. The machine platform is supported by a heavy-duty, 3-position, touch release airlift that allows for ergonomic center needle position sewing.

CUTTING TABLE

The Cutting Table is the perfect companion workstation for any sewing room or crafting center. It is designed to provide an expansive work surface with lots of usable storage, and it is built at an ideal ergonomic height for working while standing.

Cabinet Dimensions

Closed:

- 20" W x 39-3/8" D x 35-1/4" H

Fully Opened:

- 71-1/2" W (With Right Extension positioned)
- 39-1/2" D (With Front & Back Leaf Extensions positioned)
- 36" H

Available in Teak and White and finished with an embossed mar-resistant surface. The Table is packaged fully assembled. Simply add casters, drawer handles, and fabric bins.

Design Features

1. Removable fabric and accessory bins provide easy access and organization.
2. The large capacity drawers are supported with full-extension steel drawer glides.
3. The corners of the top work surface are rounded and finished to prevent fabric from snagging.
4. Each side extension can be positioned independently and are supported by two gate legs. All casters are lockable and are designed to roll easily.
