

Denim Feathers

Supply list (1 page)

Instructor: Helene Knott 503-631-8806 Email: helene.m.knott@gmail.com

Website: www.heleneknott.com

These 'feathers' are easy to make and amazingly realistic. You can make them from leftover scraps of denim or recycled worn out jeans; and some upholstery fabrics – particularly tapestry type – make gorgeous feathers as long as they are heavy enough and fray well. Your feathers can be used to embellish other projects or strung to make into jewelry, dangle from a purse or bag and even used as a unique scissors fob to identify your scissors at a class or workshop. You might even decide to 'Feather Your Vest'!

Please be courteous to others by arriving for class with the correct supplies. Contact me at 503-631-8806 or helene.m.knott@gmail.com if you have any questions.

A Note to Students: Many students do not realize that once the teacher is paid, the shop offering a class makes little if any income on the class itself. The shop is relying on product sales to continue offering quality classes to you. Therefore, I urge you to patronize this shop when buying your supplies for this class as much as possible and remind you that big chain stores do not offer the variety of classes that the smaller shops do. Keep quilt classes alive by supporting this shop.

Thank you, Helene

TOOLS/MATERIALS:

- **Fabric:** You will need a piece of denim (without spandex – this is important!), or a piece of un-bonded upholstery tapestry fabric. You can make the feathers any size you want so even smaller scraps should be fine but I would recommend no smaller than about 1 ½ wide by 4-5" long.
- **Freezer Paper:** to draw and make your feather templates.
- **Waxed Linen or thin hemp cord:** This will be used to make the feather spine and hanging loop.
- **8" ruler**
- **Fabric marker**
- **Scissors:** a pair of sharp craft scissoer would be perfect
- **Sewing awl of a heavy long 'hat' pin**
- **Optional Embellishing materials:** A search on Pinterest yielded quite a few of these 'feathers' embellished with beads, charms and paint
 - ❖ **Seed beads (small to medium sized)**
 - ❖ **Small charms**
 - ❖ **Metallic or glitter paints/glue in squeeze bottles (the dimensional 'puff' paints might be nice)**
 - ❖ **Embroidery floss and/or metallic threads and crewel embroidery needles.**
 - ❖ **Fine gauge metallic wire: available at crafts shops in many colors (if you want to make your feathers into jewelry)**
- **Thread:** sewing thread in a color that contrasts slightly from the fabric.
- **Sewing machine:** The feather spine will be attached with zigzag stitching so the machine has to be capable of zigzag sewing.
