* Reduce small to 1/2yd.

** Reduce to 1/3yd.

Zipper Type: **Coil**
Coil Size: **#4.5 or #5**

Option 2 can be done with all 1" strapping and hardware to simplify.

- * I prefer NOT to cover my strapping with fabric, because the fabric shows dirt and wears out exposing the strapping.
 - ** Soft and Stable is not fusible therefore I recommend using **Bosal double sided-fusible foam stabilizer** sold at Montavilla Sewing Centers. I don't recommend putting foam in front pockets because three layers of foam is too bulky to sew.
 - *** Pellon SF101 Shape Flex fusible interfacing.
- Other Fabric options:** Vinyl, Cork & Kraft-tex can be used with modifications in the construction, omit quilting of foam stabilizer.
