

SUPPLIES NEEDED

11"H x 17"W x 9½"D

Jayne Recommends:

Main fabric (body of bag, inner and outer pockets, handle pad)	1½ yards*
Lining fabric (lining of bag, pockets, handle pad)	1½ yards*
Coordinating fabric (bindings, strap, handles, stabilizer sleeve)	1½ yards
ByAnnie's Soft and Stable®* (stabilizer for bag, 58" wide) SS1036/SS2036	1 yard°
Fusible interfacing* (stabilizer for pockets and border) SUP179	¾ yard
Vinyl* (inner slip pocket) SUP151	6¾" x 17"
Handbag zippers* ZIP24, ZIP40, ZIPYD	One package of Zippers by the Yard
For this project you will need 97" of zipper tape and 5 pulls to make: Bag closure: 44" double-slide zipper Inner zippered pockets: two 20" single-slide zippers Exterior zippered pocket: 13" single-slide zipper For help making zippers, see our Zippers Are Easy! videos.	
1½" polypro strapping* (stabilizer for handles/strap) SUP164-1.5	5¾ yards
1½" hardware*	
1½" rectangle rings* HAR1.5-RR	4 rings
1½" wide-mouth slider* HAR1.5-SL	2 sliders
¾" hook & loop tape* (closure for security strap, pad) SUP169	9½"
Base stabilizer* (clear acrylic) BS160	7¾" x 14¾"
ByAnnie's Double-Sided Basting Tape®* SUP217	1 package
Thread to complement fabrics	50 wt poly thread

*
 **

 Type: COIL
 Teeth Size: #4.5
 (byAnnie) or #5
 Length: 97" or 2 ¾ yds

*Alternatively, use 1¼ yards each of main and lining fabrics and cut the inner pockets from ¾ yard of contrasting fabric as we did for the cover model. We also customized the cover model by using the lining side out for some quilted pieces and adding ribbon embellishment.

°If quilting on a longarm, you will need 1¼ yards of Soft and Stable. See TIP on page 2 of the pattern for more information.

Mettler Polyester

- * Coordinating Fabric - If you do not intend to cover your straps & handles you can reduce coordinating fabric to ¾ yard.
- ** Foam Stabilizer - I use 58" wide Double-Sided Fusible Foam Stabilizer (Bosal) available at Montavilla Sewing Centers.
- *** 12 or 16-gauge Vinyl (optional) – I changed front zippered pocket to vinyl in addition to the interior slip pocket.
Optional Interior Mesh Pocket – Can be added or can replace vinyl pocket. 1 package each: Mesh & Fold over Elastic.
- * Use 1 ¼ yd. each of main & lining fabrics and cut the inner pockets from ¾ yd. of contrasting fabric.
