

Bosom Buddy

We designed Bosom Buddy specifically for our #SewPink Initiative*, our annual event to promote breast cancer awareness.

If you, or someone you love, have had surgery for breast cancer — or other treatments that affect the chest or stomach area — this soft, comfortable cushion will be so appreciated.

This simple project makes wearing a seat belt more comfortable:

- Design spreads pressure of the belt over a larger area
- Can be worn on shoulder or lap portion of the seat belt
- Features double layers of foam padding
- Simple to attach/remove from belt
- Sleeve wraps around belt for easy adjustment
- Also helpful for shorter individuals who find seat belts hitting them in the neck
- Washer and dryer safe (depending on materials used)

Just Desserts

Keep your favorite flavor cold longer — and your hands warmer — with this handy ice cream holder.

The Soft and Stable-insulated case helps prevent freezer burn, too, and an optional see-through label may be added for easy identification.

NOTE: The case is designed with a DOUBLE layer of Soft and Stable throughout to give extra insulation and protection.

Perfect for gifts and easy to make, the case is designed to fit comfortably around most pint-sized frozen desserts: ice cream, gelato, sorbet, or frozen yogurt.

If ice cream's not your thing, Just Desserts also works well to hold any variety of small treasures!

Thanks to Kati A for inspiration for this project. Kati LOVES ice cream and her favorite is Ben & Jerry's Half Baked. What's yours?

Special thanks, too, to Kati's grandma, Edna, for naming the pattern. When someone gets their "just desserts", they are getting a punishment or reward that is considered to be what the recipient deserved. We all agree that, punishment or reward, ice cream is exactly what we deserve!

So, throw etiquette out the door, grab a spoon, and dig in!
